Declaration of compliance
for materials made from plastic intended to come into contact with food

GRAEF

Hereby we confirm, that used materials and articles made from plastic intended to come into contact with food, in machine specified below

name: slicing machine
Type: HA 800
VA 800

comply to the regulation (EC) No. 10/2011 and (EC) No. 1935/2004.
The overall migration and the specific migrations are below the legal limit when used in accordance to the specifications. The test is made in compliance with regulation (EC) No. 10/201.
The used materials and resources correspond to regulation (EC) Nr. 10/2011.

Specification for the intended use or restrictions:

Type/ types of food to come into contact with the product:	**vegetable, fruit , cheese, bread, sausages, meat, fish**
Type/ types of food must not to come into contact with the product:	**Acid food with p<2,5 e.g. lemon (citric acid)**
Test conditions:	**Max. 30 min at max. 40°C**
Ratio of the surface in direct contact to the food items, and the volume based on which the conformity of the materials or products was determined:	**6 dm^2/ kg food**

No functional barrier made of plastic is being used.

Further information about suppliers, substances subject to limitations and/ or dual use can be delivered on request.
