Datasheets

Colander model XL

Article number

60.74.908

Description

Holds back loose cooked products when you drain off liquids. To do this, the colander is placed at the front end of the pan and the liquid is emptied through the integrated pan valve or decanted by tilting the pan.

Intended use

This product is only intended for commercial use, such as in restaurant kitchens or catering operations for schools, hospitals, or delis. Any other use runs counter to its intended purpose, and could be dangerous. Any other use runs counter to its intended purpose, and could be dangerous.
