PM-Info: **14/2013**

Subject: **New "Roasting and baking pan" accessory**

Date: **30.06.2013**

Dear RATIONAL Team,

With the new **"Roasting and baking pan"** (patent pending), many typical pan-fried dishes such as the original tortilla, paella, Swiss Rösti, quiche, pancakes as well as small pizzas, cakes and many many more can now be prepared in the SelfCookingCenter® whitefficiency® and CombiMaster® Plus in just a few minutes. Combined with a carrier plate, even the production of large quantities will become child's play. To enable a large number of applications, we are offering the roasting and baking pan in two sizes (Ø 16 cm and Ø 25 cm).

Tortilla

Quiche

Pfannkuchen

Rösti

Tarte Tartin

Kuchen

Tortilla

PM-Info

The excellent heat conductivity of the wavelike floor ensures that the best possible browning is always achieved in just a few minutes. The special Trilax® non-stick coating also prevents the products from sticking.
The roasting and baking pan has side handles and is easily stacked, which makes it very easy to work with.

For simple and secure handling, particularly for large load quantities, we also offer specially formed carrier plates for both sizes. This prevents the roasting and baking pans from shifting as they are firmly seated in the carrier plate.

Roasting and baking pan "small" (Ø 16 cm/6 1/4")
The roasting and baking pans can be ordered individually or as a set (4 unites) including 1/1 GN steel carrier plate.

Item number:

Roasting and baking pan "small":	60.73.271
Roasting and baking pan "small set":	60.73.286
Carrier plate "small"	60.73.212

Roasting and baking pan "large" (Ø 25 cm/10ò)
The large roasting and baking pans can also be ordered individually or as a set (2 units) with 1/1 GN steel carrier plate.

Item number:

Roasting and baking pan "large":	60.73.272
Roasting and baking pan "large set":	60.73.287
Carrier plate "large"	60.73.216

Please enquire about the prices for the new roasting and baking pan!

We wish you every success with the new SelfCookingCenter® whitefficiency® and the new RATIONAL roasting and baking pan.

Yours Sincerely,

Gerhard Kramer
