LIQUILOCK® SEAL SYSTEM.

More Products. Less Time. No Mess.

Waring's patented LiquiLock® Seal System allows for more production in less time. Get the most out of your bowl capacity with bottom- to top-of-the-bowl liquid processing with no leaking. The patented S-blade locks into place, sealing the bottom of the bowl, making it safer, cleaner, and easier to pour mixtures without the blade falling out into the processed food bowl. The removable seal in the snap-lock lid prevents any liquid from escaping the top of the bowl. Fill it to the rim without overflowing. Waring's LiquiLock® Seal System offers a unique benefit to foodservice operations and is a feature no other brand can deliver.

BEST WARRANTY IN THE INDUSTRY!*

Dependable and built to last, every Waring® Food Processor comes with a limited five-year motor warranty and two-year parts and labor warranty.

PATENTED LIQUILOCK® SEAL SYSTEM

*For commercial countertop electric cutter mixer bowl/continuous-feed food processors
