Datasheets

Perforated scoop model 2-S, L, XL

Article number

60.73.586

Description

The scoops have been created for safe and simple emptying or portioning of large quantities of food in the iVario.

It is made from a specially developed plastic compound and is therefore noticeably lighter and easier to handle than similar utensils. It is also scratch-proof, highly shock-resistant and resistant to high temperatures (up to 250 °C).

Thanks to their light weight and ergonomic handle, they enable effortless, quick and safe removal of large quantities of food, without risk of burning.

After use, it can be conveniently cleaned in the dishwasher.

Intended use

This product is only intended for commercial use, such as in restaurant kitchens or catering operations for schools, hospitals, or delis. Any other use runs counter to its intended purpose, and could be dangerous. Any other use runs counter to its intended purpose, and could be dangerous.
