humble

Creating unforgettable moments

At humble, every lamp is designed to do more than provide light. It helps set the stage for meaningful experiences. With timeless design, lasting quality, and effortless ease of use, our lights enrich the atmosphere while quietly disappearing into the background, so the focus stays on the moment.

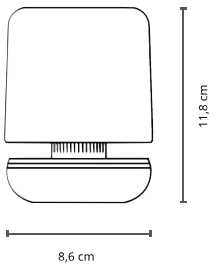

Firefly

The Firefly is designed as an intimate table light, offering just enough glow to set the mood without overpowering the moment.

Materials	Aluminum, polycarbonate, linen
Weight	0,26 kg (0.57 lbs)
Dimensions	Ø 8,6 x H 11,8 cm (Ø 3.4 x H 4.6 inch)
Waterproof	IP65
Color Temperature	2400 – 2600 K
Dimming	levels (Low > Medium > High > Boost)
Battery life	100 – 140 hours (low)
	60 – 80 hours (medium)
	20 – 28 hours (high)
	10 – 12 hours (boost)

Lars Amsterdam

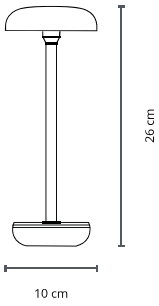

At Restaurant Lars, where Michelin– starred dining meets minimalist design, every detail is carefully chosen. The Humble Firefly, in gold and bronze with a smoked glass shade, graces the traditionally set white tablecloths. These elegant lamps subtly infuse the space with warmth and sophistication, enhancing the refined dining experience.

Air

The Air is designed as a modern candlestick, bringing slender elegance to the table and casting a warm glow to elevate every moment.

Materials	Aluminum, polycarbonate, linen
Weight	0,25 kg (0.55 lbs)
Dimensions	Ø 10 x H 26 cm (Ø 3.9 x H 10.2 inch)
Waterproof	IP65
Color Temperature	2400 – 2600 K
Dimming	4 levels (Low > Medium > High > Boost)
Battery life	100 – 140 hours (low)
	60 – 80 hours (medium)
	20 – 28 hours (high)
	10 – 12 hours (boost)

Restaurant Moon

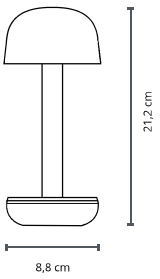

On the 19th floor of Amsterdam's A'DAM Tower, restaurant Moon combines fine dining with panoramic views. Seeking an elegant alternative to tea lights, they chose Humble: stylish, efficient, and perfectly aligned with their standards. "We were drawn to Humble's unique design. Once we explored the possibilities, we were sold." says supervisor Jesper Rijksen.

Two

The Humble Two, with its playful silhouette and endless variations, transforms every setting into a stage for warm, characterful light.

Materials	Aluminum, polycarbonate, linen
Weight	0,29 kg (0,64 lbs)
Dimensions	Ø 8,8 x H 21,2 cm (Ø 3.5 x H 8.3 inch)
Waterproof	IP65
Color Temperature	2400 – 2600 K
Dimming	4 levels (Low > Medium > High > Boost)
Battery life	100 – 140 hours (low) 60 – 80 hours (medium) 20 – 28 hours (high) 10 – 12 hours (boost)

Ferilli’s Specialità

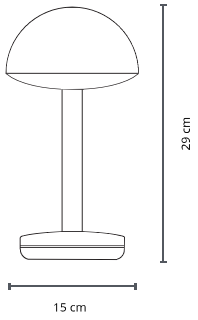

Ferilli’s Specialità on Amsterdam’s Zuidas exudes warmth and sophistication, perfectly complemented by the Two Gold lamps on their tables. These golden accents enhance the stylish interior, featuring rich materials like marble, leather, wood and soft fabrics. Together, they create an inviting ambiance for an unforgettable dining experience.

Bug

The most substantial in our collection, Humble Bug is a true cordless lamp whose strong presence enriches dining tables, lounges, and living spaces.

Materials	Aluminum, polycarbonate
Weight	0,29 kg (0,64 lbs)
Dimensions	Ø 8,8 x H 21,2 cm (Ø 3.5 x H 8.3 inch)
Waterproof	IP65
Color Temperature	2700 K
Dimming	3 levels (Low > Medium > High)
Battery life	70 – 95 hours (low) 22 – 30 hours (medium) 12 – 17 hours (high)

Wolfox Savoy London

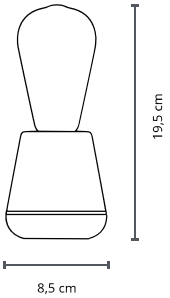

In the heart of London, Wolfox Savoy welcomes guests with refined hospitality and warm atmosphere. To complement their elegant interiors, they chose Humble Bug in frosted gold: cordless, efficient, and perfectly aligned with the restaurant's aesthetic. "The lamps add both character and comfort. Subtle details that elevate the entire dining experience." says the Wolfox team.

One

The Humble One radiates timeless warmth, its simple form honoring the classic bulb, offering comforting glow and 140 hours of mood light.

Materials	Aluminum, glass or acrylic bulb
Weight	0,31 kg (0,69 lbs)
Dimensions	Ø 8,5 x H 19,5 cm (Ø 3.3 x H 7.7 inch)
Waterproof	IP65
Color Temperature	2200 K
Dimming	3 levels (Low > Medium > High)
Battery life	100 – 140 hours (low) 60 – 80 hours (medium) 30 – 40 hours (high)

Badhuijs Vlieland

On the windswept shores of Vlieland, Badhuiys embraces the island's natural beauty with cosy hospitality and stunning sea views. To complement this unique atmosphere, they chose the Humble One: cordless, timeless, and perfectly suited for outdoor dining by the dunes. Its warm glow adds intimacy to every table, transforming sunsets into unforgettable seaside moments.

Up to 24 lamps can be charged on a small footprint of 27 x 34 cm

Charging Docks

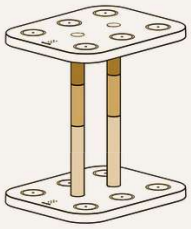

Now with Magnetic Snapcharging
and 360° accessibility.

We've refined our popular wireless charging dock and made it even better. The new Charging Dock Six introduces magnetic snapcharging for secure placement and maximum efficiency, with 360° access for every lamp. Stackable with adjustable poles, it's designed for seamless use in hospitality settings and beyond.

Creating a Charging Tower

With our modular Stack Sets you can create a Charging Tower of up to 4 levels (24 units), while maintaining a minimal footprint of 27 x 34 cm.

Each Stack Set can be adjusted in height to your specific preference. See table below.

The collection

All products feature wireless charging and remote control, suitable for both indoor and outdoor use.
