Manual

Charging Dock Six HUMAC00047
Charging Dock Six Stack Set HUMAC00048

Quick start

- Install feet (A) (when making a stack; only screw these to the bottom charger
- Choose the correct power cable (B) for your country and connect it to the adapter (C).
- Plug the DC plug (D) into the charger (E).
- Connect the power cable to a wall outlet.
- Place one to six Humble lamps in the center of the six charging spots.
- Charging takes 4–12 hours, depending on battery capacity.

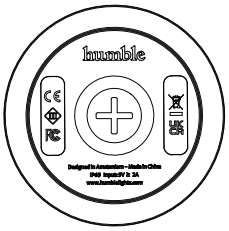

Compatibility

The Humble Charging Dock Six features integrated magnets and is compatible with Humble magnetic lamps, ensuring secure positioning during charging. Non-magnetic Humble lamps can be used, but are not magnetically secured and may tip or fall. To find out if your lamps are magnetic refer to the drawings below.

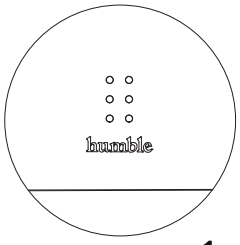

non-magnetic base

magnetic base

Indicator lights

- Solid light: Humble lamp is charging.
- Light off: Newest lamps: fully charged. On earlier lamps: may stay on. Both are normal.
- Blinking light: Charging error. Remove lamp, check placement and charging area, then retry.

Stacking chargers

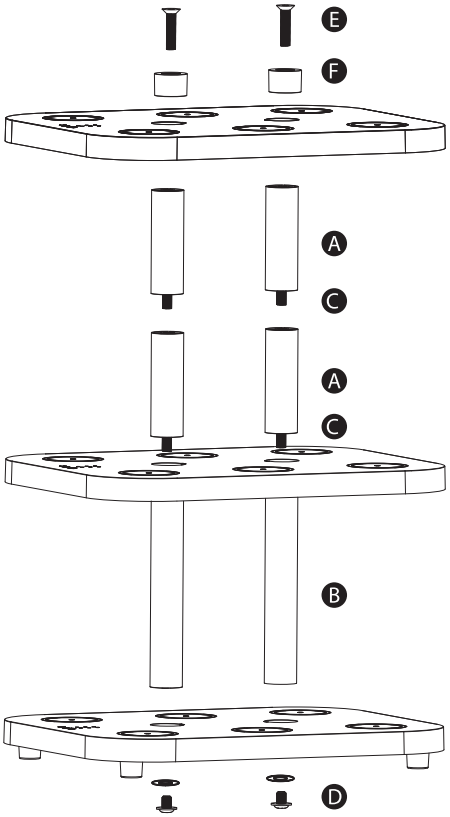

- Push the caps out of the charger from below.
- Choose the right height (see page 3).
- Use threaded connectors (C) to join the profiles (A/B).
- Use screws (D) to secure the poles to the bottom charger.
- Depending on the desired configuration (page 3) stack another charger.
- Secure top charger using the sleeves (F) and screws (E)

Safety instructions

- This charging dock is designed exclusively for charging Humble devices. Do not use it for any other devices.
- Use only the supplied power adapter or an officially approved replacement. Do not use damaged adapters or cables.
- Do not expose the product or adapter to moisture, rain, or excessive heat.
- Operating temperature range: 0 °C to +40 °C (32 °F to 104 °F).
- Storage temperature range: -10 °C to +60 °C (14 °F to 140 °F).
- Place the charging dock on a stable, flat, and dry surface.
- Do not operate the unit in small, enclosed spaces (such as cabinets) where heat cannot dissipate properly.
- Do not touch the dock or adapter with wet hands and prevent liquids from entering.
- Do not use the product if it is visibly damaged (e.g., housing, power cable, or adapter).
- Keep out of reach of children unless supervised.
- Indoor use only.

Maintenance instructions

- Always unplug the charging dock and adapter before cleaning.
- Wipe the surface with a dry, soft cloth to remove dust and dirt.
- For more persistent dirt, use a slightly damp cloth with a mild cleaning agent. Ensure no liquid enters the charging area.
- Do not use abrasive pads, solvents, or aggressive cleaning products.
- In professional environments (e.g., hospitality), surfaces may be wiped with a cloth lightly moistened with a mild disinfectant suitable for electronic devices. Allow the product to dry completely before use.
