Conveyor toaster DLT150-1

- Infinitely variable belt speed
- Adjustable type of heat supply
- Ideal for buffets or self-service areas

- Toast output can be changed:
  - ✓ Front or rear side

- Designed for bread rolls, sandwich toast and toast

Description

The brushed stainless steel conveyor toaster impresses with its high-quality finish and versatility. Whether toast, sandwiches or bread roll halves: everything is browned evenly and crispy in a short time. Thanks to the infinitely adjustable belt speed, the targeted control of the top and bottom heat and the selectable front or rear output, the toaster can be flexibly adapted to the respective requirements - ideal for professional kitchens with high throughput.
