MOBILE CABINETS

CHOOSE YOUR FAVOURITE COLOR

Choose your colors, so that your cabinets looks exactly the way you want. The possibilities are endless. The standard color is black, but we can provide any other color from the **RAL palette** - you can find **at www.ralcolor.com**. Upon request, we can also use colors from the **NCS or Pantone palette**. Just let us know, and we'll be happy to accommodate your needs!

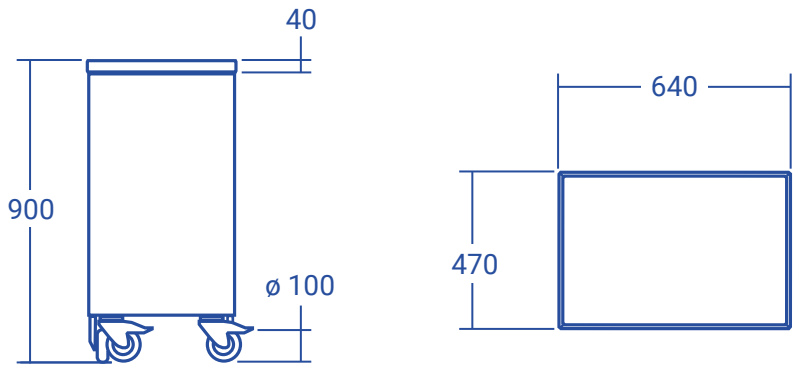

CABINET FEATURES

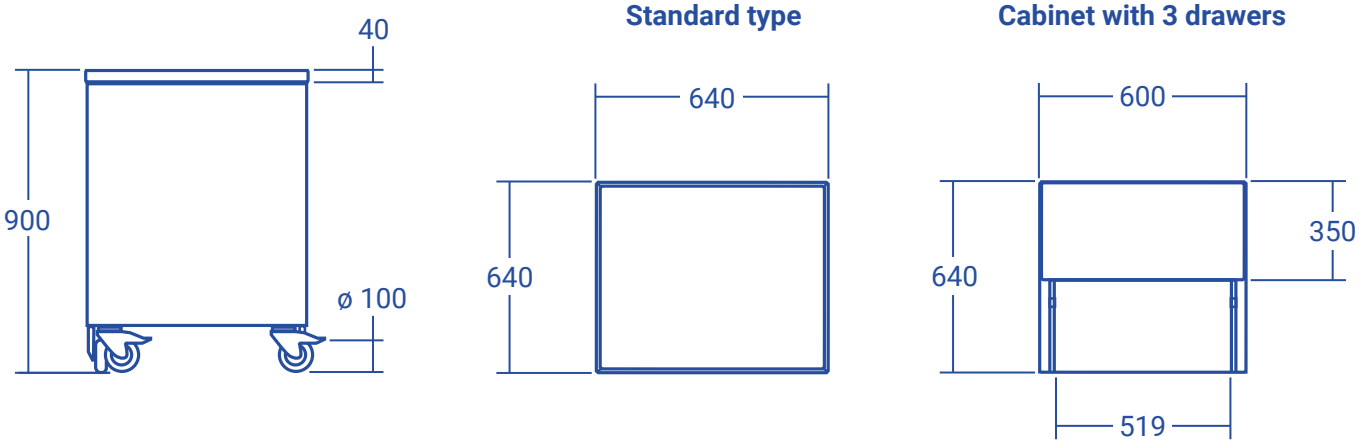

A mobile cabinet is equipped with four wheels, two of which are swivel casters with brakes. Its mobility and overall dimensions ensure easy handling in canteens, kitchens or hotels.
Types: **Pre-assembled cabinet** (only standard - 640x640mm or 600x640mm for type with drawers) where you receive a fully assembled unit (with three open drawers and a narrowed stainless steel top or a dispenser).

Modular cabinet, which has a fixed cabinet size (slim - 640x470mm or standard - 640x640mm) with a removable side panel and a customizable top - options include a dispenser for plates, a hole for trash, GN tubs, etc. If there is free space inside this type (interior space is not occupied by, for example, a dispenser etc.), the interior can be used for storage after removing the side panel.
