The Classic Range · Classic Toasters

Hand Built in West Sussex, UK

We are proud that every Classic Toaster is handmade in the UK by our skilled craftsman. Quality and attention to detail are paramount, which is why each toaster features the assembler's name on the base. Dualit's Classic Toasters are known for being strong and robust. The toasters are truly built to last, with repairable or replaceable parts easily obtained should you need them.

The Classic Range · Combi Toasters

Hand Built in West Sussex, UK

Dualit's Combi Toaster is the ideal solution for those that want the flexibility and convenience of making both toast and toasted sandwiches. The Combi 2+1 comes complete with one sandwich cage and the Combi 2x2 comes complete with two sandwich cages, as well as the energy-saving feature of being able to operate slots together or individually.

The Classic Range · Bun Toasters

Hand Built in West Sussex, UK

Dualit's Bun Toasters produce perfect buns, bagels and teacakes by toasting one side of the bun whilst warming the other.

Catering Range · Pop-Up Toaster

The four slot Pop-Up Toaster combines the convenience of an automatic pop-up toaster with simple operation, reliability and the robustness of a commercial product. Its stainless steel body has the build quality you would expect from Dualit, whilst the commercial-grade ProHeat® elements are replaceable. The intelligent browning system lets you set the browning control for your bread then auto-adjusts the time to ensure consistent browning from first to last slice. The spring-loaded slots centre the bread for even browning on both sides.

Polished

Catering Range · Conveyor Toaster

The 2 Slice Conveyor Toaster works perfectly for larger catering establishments, producing up to 560 slices of white toast or 1,200 slices of thinner fruit loaf an hour. The Conveyor Toaster is versatile enough to toast bread as well as warm bagels and buns by switching off the top element. The Conveyor Toaster also features a toast ramp to ensure toast, bagels and buns are removed smoothly and an anti-tamper guard so the toast setting dial can't be changed in buffet service.
