Single Flavor
Counter Top
Shake Machine

Performance and Quality Add Shakes to any location with this compact model. Superior performance compared to other machines in the same category. The H-O-T system allows users to set the desired consistency for classic milkshakes or creamy modern shakes. The innovative direct-drive motor is the most silent in its class.

Convenience The user-friendly display is easy to use by novice operators. Audible Signal alerts when a refill is needed. Adjustable delivery flow to meet diverse volume & speed needs.

Savings Optimized Installation space, thanks to the vertical ventilation system making it possible to fit the machine beside other equipment. Single-phase machine makes it easy to fit into most locations.

Safety Heat treatment ensures the utmost hygiene. the shelf life of the liquid mix. Built-in memory provides pinpoint a diagnosis. The Tank Agitator prevents product stratification & improves heat exchange during Heat treatment.
