HOBART

WAREWASHING

RACK-TYPE DISHWASHER CS

HOBART

TOTAL PERFORMANCE
IN YOUR KITCHEN

At HOBART, we take pride in providing reliable and innovative high quality kitchen equipment that has been engineered to ensure that whatever challenges the day may bring, you can make it happen with HOBART.

Let's make it happen!

HOBART

THE PERFECT SOLUTION
FOR ALL SECTORS OF INDUSTRY

HOSPITALITY

Bar & Pub / Bistro & Café /
Hotel & Restaurant

FOODSERVICE

Nursing home /
Canteen / School

THE MODEL

PROFI **CS**

The **PROFI** CS is HOBART's smallest rack-type dishwasher and stands for high quality and absolute reliability. If the capacity of a hood-type dishwasher is not sufficient to meet your needs in the wash up area, the **PROFI** CS is the perfect solution. By using the optional heat recovery, you can save up to 7 kWh of energy.

OPTIMAL WASH RESULT

NON-CLOGGING NOZZLES

For continuous strong washing

The indented nozzles cannot be obstructed, resulting in a constantly powerful wash and perfect quality results. The combination of four upper and three lower wash arms leads to perfect results.

THOROUGH DUAL RINSE

With efficient usage of fresh water

A second rinse zone is integrated prior to the actual final rinse. Here, the fresh water collected in the receiving pan is used a second time in an additional pre-rinse. The optional dual rinse ensures a sparkling wash every time.

PRACTICAL DRYING

For a quick reuse of the wash ware

A perfect wash result means not only sparkling clean, but also dry tableware. The optional dryer fulfils these requirements quickly and precisely, allowing rapid reuse of all washed items.

WIDE-ANGLE NOZZLES

Even distribution of the wash water

During the washing operation, an even distribution of the wash water is essential to achieve a perfect wash result. For the wash jets to be most effective, they were given a special shape by HOBART so that they cover a larger area in a more accurate manner.

Your benefit

The even and compact distribution of the wash water on the wash ware provides for a significantly improved wash result.

EASY HANDLING

ECOTRONIC CONTROL
Easy operation of the machine

The new control panel with its clear layout ensures simple and intuitive control of the rack-type dishwasher. The ECOTRONIC control system can also be used to determine the transport speed, for which you have three options. A temperature display is also included as standard.

WASH ARM SLIDER
Quickly ready for cleaning

Our patented wash arm sliders allow you to clean the interior of the wash arms easily and comfortably. This washing system requires only a single simple movement to open the wash arms.

COMPREHENSIVE CLEANING ASSISTANCE

Guaranteed orientation for cleaning

Colour-coded cleaning assistance
Daily cleaning increases the performance and service life of your dishwashing system. To assist you in recognising which elements need to be removed for cleaning, these are marked in blue.

Coded curtains
The curtains separating the different wash zones are clearly marked, preventing them from being mixed up when they are re-inserted.

Coded wash and rinse arms
The clear identification of the wash and rinse arms prevents them from being mixed up when they are inserted.

DROP-IN WASH SYSTEM

Facilitates cleaning

Make cleaning the machine as easy as possible for yourself. Thanks to the easy removal and reliable insertion of the wash systems by means of a drawer slide, cleaning work is as easy as could be.

HIGH LEVEL OF ECONOMY

CLIMATE HEAT RECOVERY

Smart use of exhaust air

This feature minimizes energy losses via the warm exhaust air by continuously returning it to the system via a heat recovery system and pre-heating the fresh water before it runs into the boiler. Savings of up to 7 kW/h are possible in this manner.

Your benefits

- Minimised energy loss via exhaust air.
- Efficient use of the energy provided.
- Your machine's operating costs are significantly reduced.

SMARTCONNECT

HOBART SMARTCONNECT APP

Key features at a glance

The HOBART SmartConnect app provides you with a comprehensive overview of the status of your dishwasher – free of charge for 5 years.

Connect, learn, benefit

Based on this data, you can avoid downtime and contact HOBART customer service or an approved service partner. SmartConnect also provides illustrated instructions for smaller malfunctions so that you can rectify them yourself.

An overview of all functions

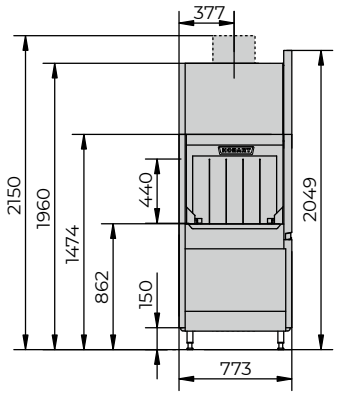

- Machine status (keep up-to-date regarding the statuses of all your machines)
- Machine information (with all important settings and machine information)
- Recording of error messages (in addition, you will be notified by email concerning any system errors)
- Operating costs calculator (overview of the consumption costs)
- Hygiene information (as a log book)
- Usage (information about the efficient use of the machine)

You can find more information on the availability of SmartConnect in different countries and languages as well as further information at www.HobartSmartConnect.com

DRYING ZONES

OUR VISION

Wash without water

Intensive market research has shown that our customers expect warewashing technology that combines efficiency with optimal performance. We are focused on meeting these demands and they form the foundation of our vision to “wash without water”. This vision is our continuous incentive to break new ground in order to constantly reduce the consumption of water, energy and chemicals. We continue pursuing this goal methodically and with the most innovative engineering.

THE COMPANY

We are HOBART

HOBART is one of the world’s leading manufacturers of commercial warewashing technology and a well known supplier of cooking, food preparation, and environmental technology. Established in 1897 in Troy, Ohio, today HOBART employs more than 6,900 employees around the world. At our manufacturing plant in Offenburg, Germany, HOBART develops, produces, and distributes warewashing technology worldwide. The hotel and catering trade, cafeterias, bakeries and butcher shops, supermarkets, airlines, cruise ships, automotive suppliers, research centres and pharmaceutical companies all over the world swear by our innovative products, which have proven themselves in terms of cost-effectiveness and ecology for over 125 years.

HOBART

LET'S MAKE IT
HAPPEN!

MADE IN GERMANY

We provide this promise of quality to our customers, and it represents our personal standard upheld by all our staff at HOBART.

made in germany

OUR FOCUS

Innovative – economical – sustainable

This is our philosophy. With our **innovative** products, we aim to continually set new technological standards combined with real added value for the customer. Our group's Technological Centre, and our own Innovation Centre for Warewashing Technology at our headquarters in Germany, make this possible. With this combined innovative power we create highly efficient products which continuously confirm our status as a driver of innovation. To be **economical** means to set standards in terms of the lowest operating costs, minimal use of resources and to revolutionise the market continuously. To be **sustainable** means responsible handling of resources and a sustainable energy policy. This applies not only to the product in use, but in general to all areas of the organisation, such as purchasing or manufacturing.

HOBART SERVICE

Competent – fast – reliable

HOBART offers a worldwide service partner network for all products. These technicians always carry out maintenance and repair work competently, quickly and reliably. Thanks to regular trainings and many years of experience, they have detailed product knowledge and will help you so that you can focus on your business. Good to know: The lifetime service warranty also guarantees the availability of all spare parts for the entire lifetime of your machine.
