1.5 Reference Directives

The machine supplied by OEM ALI GROUP S.R.L A SOCIO UNICO does not belong to one of the categories of machines listed in the list covered in Annex IV of the Directive; therefore, for the purpose of the declaration of conformity of the machine to the present directive, OEM ALI GROUP S.R.L A SOCIO UNICO applies the procedure of compliance assessing with internal control on the manufacture of the machine, see attached VIII.

In order to certify the machine's compliance with the provisions of the Directive, OEM ALI GROUP S.R.L A SOCIO UNICO before to entry in the market , carried out the risk assessment in order to verify compliance with the essential safety and health requirements provided by the Directive as well as the tests and checks provided by the relevant reference rules. The technical construction file was produced in accordance with Annex VII of the 2006/42/CE Directive and it is available to be verified by supervisory bodies on a reasoned application, as required by the relevant legislation.

OEM ALI GROUP S.R.L A SOCIO UNICO provides the introduction on the market of the machine by equipping it and accompanying it with:

CE Marking	
CE Declaration of Conformity	
Instruction and Warning Manual	(Documentation drawn up in paragraph 1.7.4 of the Machines Directive 2006/42/CE)

Please note that the oven was designed according to the following Guidelines:

2006/42/CE	Machines Directive
2014/30/UE	Electromagnetic Compatibility Directive

And the following harmonized standards have been applied:

UNI EN ISO 12100:2010	Machine safety - General design principles - Risk assessment and risk reduction
UNI EN ISO 13857:2008	Machine Safety - Safety distances to prevent the achievement of dangerous areas with upper and lower limbs.
UNI EN 349:2008	Machine Safety - Minimal spaces to avoid crushing body parts.
UNI EN ISO 13849-1:2016	Machine safety - Parts of safety-related control systems - Part 1: General design principles
UNI EN 1005-4 :2009	Machine safety - Human physical performance - Part 4: assessment of postures and work movements in relation to the oven.
CEI EN 62061:2005	Machine safety – Functional safety of programmable electrical, electronic and electronic control and control systems related to safety
CEI EN 60204-1:2006	Machine safety - Machine equipment - general rules
CEI EN 61496-1:2005	Machine safety - Electrosensitive protective equipment - Part 1: General requirements and tests
UNI EN ISO 13850:2008	Machine safety - Emergency stop - Design principles
UNI EN 14120:2015	Machine safety - Shelters - General requirements for the design and construction of fixed and mobile shelters
