Hand Crafted in Sweden

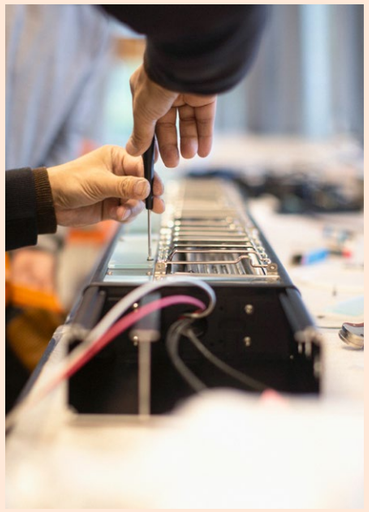

Our products are meticulously built with care and expertise in our Swedish factory, located just a ten-minute drive north of Stockholm's city centre. By keeping our production cycle close to home, we maintain unparalleled oversight in the selection of materials, components, and every stage of the manufacturing process. We uphold the highest standards in crafting our premium food warmers, ensuring that only excellence will suffice.

Strip Heaters

For decades, we've been the trusted pioneers in the art of food warming, proudly designing and manufacturing our strip heaters with unmatched precision in Sweden. Our legacy speaks for itself—from the dependable Classic range to our innovative Focus strip heater, each model embodies the quality and expertise that has defined our brand for years.

Every model in our range offers elegant, space-efficient, and powerful food warming solutions, carefully engineered to meet the needs of professional kitchens around the world. With a commitment to both design and functionality, our strip heaters are built to stand the test of time, providing consistent performance you can rely on.

Strip Heater Focus

We set out to create the most powerful, versatile and refined strip heater on the market.

After many years of continuous research, design and development, we are proud to introduce the *Focus Strip Heater* as the end result.

Strip Heater Focus
Fully Featured

Three GN-friendly lengths
600 / 900 / 1200 mm

The control unit can be separated and operated remotely

Legs for tabletop mounting available in addition to the standard mounting plates for installation under shelf

Choose between two finishes – Nickel Grey and Stealth Black

The cord output can be adjusted in four directions

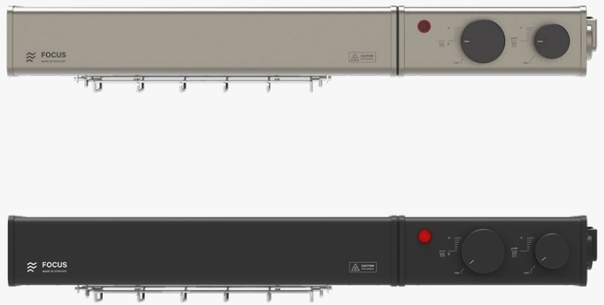

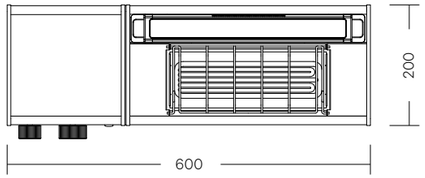

Durable and extremely powerful ceramic heat elements with a very long life span

The protective grill has a simple opening function for cleaning and general ease of access

Dimmable lighting and adjustable heat with stepless dials

Strip Heater Focus

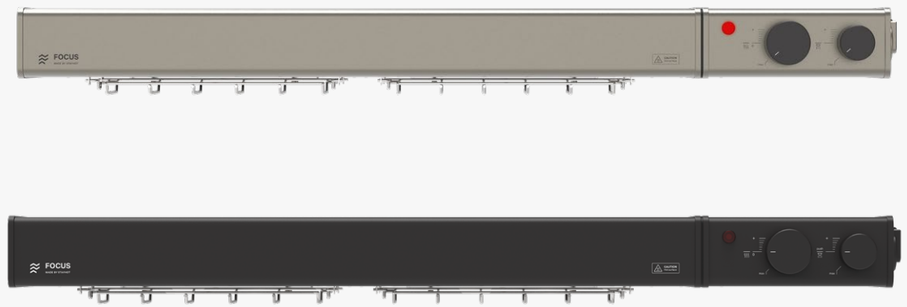

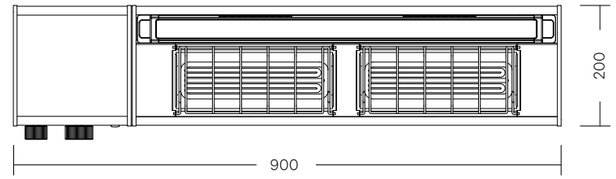

Strip Heater Focus
Model 60

We wanted to create the most effective, versatile and refined strip heater on the market. After two years of design and research, we are proud to introduce *Focus* as the end result.

Fitted with some seriously tough and powerful ceramic heat elements that possess supremely long life spans. Heat is adjusted with a stepless dial while the ambient lighting is controlled through a smooth dimmer. Available in three GN-adapted lengths and two surface finishes. Designed and manufactured with care and precision in Sweden.

Strip Heater Focus
Model 90

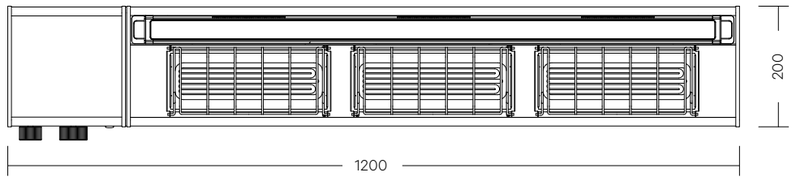

We wanted to create the most effective, versatile and refined strip heater on the market. After two years of design and research, we are proud to introduce *Focus* as the end result.

Fitted with some seriously tough and powerful ceramic heat elements that possess supremely long life spans. Heat is adjusted with a stepless dial while the ambient lighting is controlled through a smooth dimmer. Available in three GN-adapted lengths and two surface finishes. Designed and manufactured with care and precision in Sweden.

Dimensions	900 x 200 x 70 mm	
Material	Aluminium / Stainless Steel	
Heat Source	Ceramic Heating Element	
Light Source	LED	
Colour Temperature	2700K (Kelvin)	
Voltage	230 V	
Power	1000 + 6 W	
Article Number	● Nickel	VB1-090-N
	● Black	VB1-090-S

Strip Heater Classic
Freestanding Table Stands

Strip Heater Classic
Freestanding Table Stands

We offer table stands for our strip heaters. It's a flexible alternative for anyone who wants a freestanding solution for their strip heater instead of mounting it under a shelf.

Manufactured using high quality stainless steel, all stands include a sheet of tempered glass to be used as shelf space. Our stands are easy to bring out when needed, say for a breakfast or lunch buffet, and can just as easily be tucked away when not needed.

Material	Brushed Stainless Steel
Width	615 / 685 / 990 / 1295 mm
Depth / Height	195 x 390 mm

Our History

We are a family business with over 38 years of experience. Below you can read about how we have progressed as a company through the years.

1986

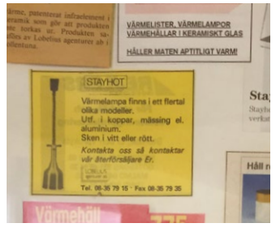

Started From The Bottom
Eva and Pelle Lobelius establish Lobelius Agenturer and run it out of their basement.

1987

First Impression
Our first logo, drawn up by our founder, Per Lobelius.

1993

Old School Ads
Even though we sell the same products, the ads we published 26 years ago looked a bit different compared to today.

1996

First Home
After 10 years in the basement, the company moves out and settles down in its own house, right next door.

2015

A Family Business
The second generation of Lobelius join the action as Karl, Felix and Erik gradually become involved in the business.

2017

The Red House
After more than 30 years of business, we finally move out of the residential area and into a warehouse that accomodates our expanding operation.

2019

Hot Food in Focus
A completely new product range is taking shape, with heat lamps, strip heaters and hot trays, all specifically designed for the restaurants of tomorrow.

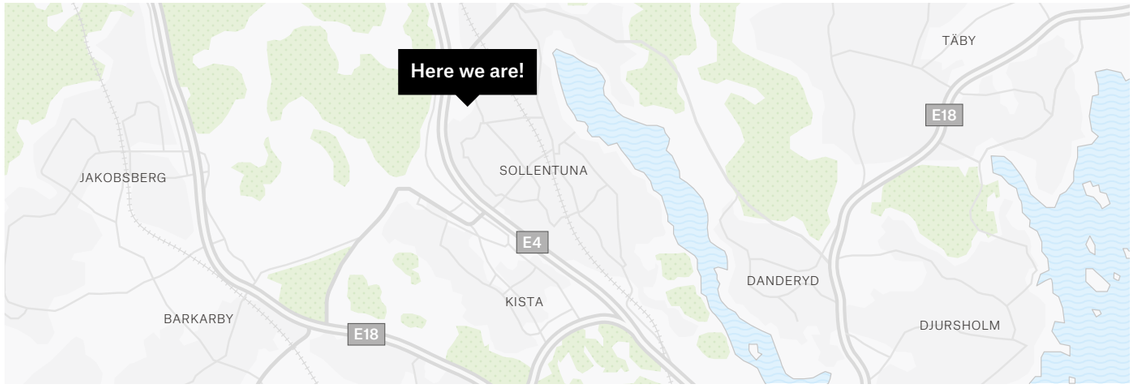

2023

Out Into The World
Our products are now marketed and sold all around the world with agents throughout Europe, the Middle East , SE Asia and Australia to name a few.
